The story so far

「THE PRINCESS PITTING WITHIN THE GLASS COFFIN (PT.1)」

The princess sleeping within the glass coffin How did she come to die?

By the request of the corpsenductor, she sings of her own fate

SNOW WHITE LOST HER BIRTH MOTHER AND A NEW MOTHER CAME TO THE CASTLE

OVER EVERYTHING ELSE THAT STEPMOTHER WAS RIVETED BY ENHANCING HER OWN BEAUTY

SHE TALKED TO THE MIRROR EVERY DAY AND DIDN'T EVEN LOOK AT THE YOUNG PRINCESS

「MIRROR O' MIRROR. WHO MIGHT THE MOST BEAUTIFUL ONE IN THIS WORLD BE?」

AS THE PRINCESS HELD ONTO THOSE LONELY FEELINGS THE MONTHS PASSED

AND BEFORE LONG SHE HAD GROWN MORE BEAUTIFUL THAN ANYONE ELSE

DRIVEN BY HER ENVY, THE STEP-MOTHER SENT THE HUNTSMAN TO TRY AND KILL THE PRINCESS

THE PRINCESS AND THE HUNTSMAN DISCUSSED AND DECIDED TO DELIVER A PIG'S HEART

IN THE PLACE OF THE PRINCESS' TO THE QUEEN

AND THE PRINCESS HERSELF BEGAN A LIFE TOGETHER WITH DWARVES DEEP WITHIN THE FOREST

The corpsenductor enquire the dead princess' 《impulse》 and wrote that story into the 《book》 he was given by the girl doll

However, he notices that one part in the 《book》 already had another story written on its page

Finding it curious, the corpsenductor inquires for the origin of it from the nearby doll

「What was that?」

◆Shirayukihime? Yukijirohime?

The original title is Schneeweißchen. As its meaning is "a child as white as snow", strictly speaking the correct Japanese translation would be "Yukijirohime (princess snow white)"

◆The model of the story

There are various records about the model, but it is regarded that Margaretha von Waldeck, who died in 1554 at the age of 21, was the model for Snow White.

According to those sources, Margaretha's death was somehow connected her stepmother's Katharina, envy. Envious of Margaretha's beauty, Katharina drove her out of the castle at the age of 16. After that, Margaretha's living conditions were grim and eventually her body gave out on her and she passed away. However, there are also theories that say her death was due to arsenic poisoning. This became the motif for the poison apple.

Furthermore, stories about seven dwarves that had settled down in an abandoned village near a copper ore mountain, which had been abandoned because of a cave-in accident, were also used as an inspiration.

Incidentally, Margaretha's hair was blond, but the hair colour was additionally changed into "black as ebony" during the drafting phase for the story of Snow White.

◆The Disney film's arrangement

What made Snow White's story so popular was Disney's first full-length animation film which was released in 1937. At the time, the story was made more suitable for children. Among its unique traits was giving names to the seven dwarves, who became important characters in the story, singing among other things. The names are listed below.
